

INSCRIBE AUSTRALIA DELIVERY WAIVER FORM

Inscribe Australia provides a high level of care and responsibility for the safe packaging, dispatching and delivery of all products. Inscribe Australia prefers to deliver directly to a business/factory street address or Post Office Box.

Therefore, if our customers should require goods to be delivered elsewhere, we require this waiver to be agreed upon and signed. Some of these sites are complex constructions sites and directions can be confusing for courier's services, especially if sites have no Gatehouse, or are not clearly signed.

If this is a high risk delivery address Inscribe Australia cannot guarantee delivery to the intended person or site. Inscribe Australia takes no responsibility for any missing, lost or incorrect delivery.

This includes:

- Constructions Sites
- Temporary Work Sites
- Residential Address
- Individual Trades Persons
- Rural Sites

In order to achieve successful delivery of our products, it is ideal if the parcel can be received at a 'Manned Gatehouse' that has signage which is clearly visible from the street. If however the parcels does go missing, we will endeavour to track your consignment and provide proof of delivery. Accordingly, the abovementioned company agrees to the following conditions which now becomes part of Inscribe Australia's Terms and Conditions.

- All goods will be shipped to the address as stipulated on the Purchase Order. The customer assumes control of goods once the courier company obtains a signature for the landing of the goods.
- The customer is responsible for having a representative available to accept the goods. If the goods require re-delivery, it will be the customer's responsibility to arrange for return and also any extra associated costs.
- The customer must inspect the goods.
- Any damage the parcel should be reported immediately. Unreported damage becomes the responsibility of the customer
